

Our Master planned community at Toowoomba is due to commence soon and will have all the facilities that have been popular in all our other resorts. These include a State of the Art stunning Grand Hall that will have a dance floor, grand piano, elegant dining and lounge areas, commercial kitchen and billiards/games area. There will also be a luxurious cinema and many other facilities to impress.

For the active, there will be an undercover lawn bowls centre and a fitness centre including a heated swimming pool.

Homes will be stylish, well appointed and well planned. They will be energy efficient and environmentally friendly as is the resort.

Pets are welcome as we understand that they are part of your family.

Palm Lake Resort Toowoomba is located conveniently near hospitals and shopping centres.

All Palm Lake Resorts reflects the younger spirit and better health of today's over 50's. Resorts are vibrant, stylish communities that deliver social interaction, freedom and independence to the resident.
